Students who plan to attend a four-year university after graduation from high school must complete a college prep and/or honors pattern throughout high school with grades of "C" or higher (although "A's" and "B's" are expected).

Previous grades, test scores, and teacher recommendation are used to determine English and math levels.

*English IA meets college entrance requirements and is transferable.
Assessment tests at the college are required for English and math placement.

SAMPLE SOPHOMORE SCHEDULES

These are typical class schedule patterns. However, variations and course levels can vary within each of these patterns. A student in regular classes may qualify for college prep math or a student in college prep may qualify for non-college prep math.

College Prep Elective

Students need to pick electives that complete any remaining graduation requirements listed on their transcripts such as Performing Art or Vocational Art.

Students who plan to attend a four-year university after graduation from high school must complete College Prep and/or Honors/AP patterns throughout high school with grades of "C" or higher (although "A's" and "B's" are expected).

College Prep Electives include advanced math, science, foreign language and/or college approved performing arts courses.

Assessment tests at the college are required for college math and English classes.

*English IA meets college requirements. If already taken, English IB and/or English IC will transfer on the college level.

**POSC 2 and Macro or Micro Economics will fulfill this requirement and are transferable.

Previous grades, test scores, and teacher recommendation are used to determine English and math placement.
